There is a mistake on the website. My father's picture and that of, I believe, Col. Kimpton are reversed. My father was Col. Graham E. Schmidt, who commanded Nuernberg Sub-Area 1958-59. We lived in the Dambach housing area, outside Fuerth, and I attended 10th and half of 11th grade at Nuernberg American High School, which was named for Baron de Kalb, a German-born French officer who fell during the American Revolution. I have written concerning this once before. Please exchange the photos.

My dad ( capt. William E Bailey was stationed at Merrill barracks in 1956-1959. We lived on passtoria st. In the second bldg. on the right. Living there in the 1950s is to this day one of the highlights of my life. There was so many things for 10- 11 years old boys to do, ride our bikes to soldier field or over. To the lake , think it was called the Duetzendike. And my friends and I even found an old buried bunker to play in until our parents found about it. Some of the guys I remember were Rick Miller, Chip Arnold , Tony Firorie and Johnny Bushay and the Shamburger brothers. It was so safe in those days that we could even hop on the strassebaun and ride down to the old walled city, and roam the street,s without a care in the world . We would be taken to Furth on a school bus to go to elementary school. The only teacher I can remember is miss

Hershey who taught 4th grade. The pictures on this web site have brought back so many memories from those days so long ago, thank you for sharing them.

In 1980-81, I was the battalion executive officer of the 1-94 Field Artillery located in Building 41 on Darby. I also was a battery commander in the 1-22 Field Artillery on Pinder in 1977-78. We lived on Gerhart Hauptmann and then Jakob Wassermann both at the corner of John F. Kennedy Strasse. We were in Germany last month and drove through the area. The changes were extensive on both Darby and Pinder but we still were able to recall many great memories of a wonderful time being stationed in Furth at that time. This website is superlative in helping that recall. Thanks.

I was introduced to this site in a most unexpected way. Went into my local STIHL dealer and the man behind the counter had the site open, I immediately recognized Merrill Barracks. Was stationed there August 1975 - August 1978 with the 2nd ACR Aviation companies/troops. We lived at Merrill and were transported to Fueth to work each day. Thoroughly enjoyed my stay there. The work was endless, work in the avionics and armament shops during my time there. Enjoyed the National Museum downtown and the food. The middle of my time there spent Friday nights, and Saturday nights wherever, whichever Club, the country bands were playing. Interested in hearing from anyone who was there during that time.

Wow! Such memories. I had it easy, 12 months TDY out of 18 months; football, pistol marksmanship, threw weights on track team, support for shooting matches, cook details etc. Helped cover WWII German camouflage colors on buildings in post with pastel paint. I guess it was the first attempt to brighten up the place. In Nuremberg and Fürth there were still bombed out buildings and concrete structures from WWII. One day, at the main gate, in paint fatigues I traded glances with three German chimney sweeps in their blackened outfits. I wish I had a camera with me. One guard duty was at the ammo dump. The golf course

was laid out around it. Man those German hairs (Rabbits) were big. Saw some magnificent stag deer while on maneuvers. I was on forward detail for my unit, in Grafenwoehr. I gained 10 pounds eating everyday at the transient mess run by Germans. Man what food. I got to go to Paris & Rome as well as tour Bavaria and hear Ella Fitzgerald at a live concert.

Beautiful country. Its weather and terrain were just like back home in northern N.J. The Alerts were very humerous as the German cab drivers knew when and alerted us. The big tanks and self propelled howitzers rolling through the narrow streets early in the AM, backfiring on purpose to wake up all the farm animals. The honey wagons, Commrad and his dogs guiding his sheep through the post and training areas. Volkfests and Fashing were a ball. I did get to visit Daccahu. That place still gives me the shivvers. I didn't have to point my gun at anyone nor was I fired on. My hat is off to all who were in any type of firefight. Thank you for the opportunity to reminisce.

This is actually my home town, that I left in 1992 to come to the States with my husband. I found out I was pregnant in the hospital in Nuernberg. There used to be a little bar right outside of Darby, called "Vicky's Rock and Country Bar", where I spent many nights drinking and partying with GI's. Th soldiers from Pinder, Johnson and Darby would meet us there, and we had GREAT times. There were three of us, Tina, Carmen, and me, Heike, that would hang out there just about every night. I actually lived right down the road. I could see the barracks from my apartment, and heard the soldiers running by my house just about every day during PT. I think fondly of those times, and the guys I met. Charles Michael Morgan from Florida, Kevin Wilson from Oregon, Tony McGrew from South Dakota, Larry, who dated my friend, Allan, the MP, and so many others who's names are escaping me. I was visiting a guy in Monteith Barracks, when there was a lockdown, and I was stuck. They guys ended up "smuggling" me outside, laying in the floor of my car in the back. I met my now ex-husband, Brian Newton, in Erlangen, where he was stationed. If anybody remembers Vicky's, give me a shout.

This is a wonderful site, which brings back a lot of memories. However, there's one small problem: The photograph labeled "Colonel Graham E. Schmidt" is incorrect. The left photo above, under the label "Col. Theodore Kimpton" appears to be a photo of my father, Col. Schmidt. I don't know who the officer pictured on my Dad's line is. My father was commander of the Nuernberg Sub Area in 1957, departing Nuernberg to take command of the 2nd BG, 8th Infantry for it's GYRO (the last such movement after WWII) back to Ft. Riley, Kansas. Shortly after arriving at Ft. Riley, he was transferred to command of the 1st BG, 5th Infantry, also part of the 1st Infantry Division. His subsequent career took him to Taiwan (his 2nd tour, this time with MAAG-Taiwan), then to the Pentagon, as Director of Security for the Asst. Chief of Staff for Intelligence and Security, US Army. On leaving that assignment, he became commander of Fort Sam Houston, Texas, from which position he retired. He passed away in October, 1980, and is interred in Arlington National Cemetary, within view of his office windows, when he was stationed at the Puzzle Palace. My mother survives, and lives across the street from my family, here in Council Bluffs, IA. I went to High School at Kalb American High School in Fuerth, and lived in the uppermost of the 3 houses on the extreme righthand of the map of the Dambach housing area. Our neighbors, in the next house behind us were BG William Ryan and his family. Gen. Ryan was division artillery commander, 4th Armored Division. This is a wonderful site, keep up the good work, and I'll try to find some pics from the 1957-58 era to forward you. My son, who lives and works in Leipzig, after attending KUE in Eichstadt, sent me the link to it. Keep up the good work. Jack (John L.) Schmidt Nuernberg American High School, 1957/58 son of Col. Wow! I was there as a dependant wife a couple of times..83-85 and 87-91. I loved it. Lived in Erlangen, worked at Pastorius YA as the Rec. Aid along with Jeanette T. Loved the trips we took with the kids and all the fun we had, too much to type. My two daughters went to NBHS, Shannon and Rikkieta Jones, son Jason went to Erlangen Elem. In Pastorius, I remember the Hartmans, Jose, Angel and Michael Sanchez, Sizemores, Panky's, Tree and a few others. These pictures brought back a whole lot of memories. I remember sweeping the tournament in Italy...Men and Women's softball teams, the Gyros stands, snitzel, brochen, henchen, and pom fritz mit kasse...Wow! Couldn't get into the pastry's but loved the gummi factorys the ice cream and visen beer. Man, I want to thank you all for making me smile, I feel that I know everyone on here. Take care and embrace the memory...we were Blessed to have had the opportunity to be a part of history.

Yep, I'm a proud Army Brat! Was in Nuernberg from Sept. 1970 until Dec. 1972 (age 12-15). Stepdad (Ozell [Smoke] Harris) was stationed at Merrill Barracks; artillery guy. We lived in the Pastorius housing area, on the short street off of Zerzabelshofstrasse, down on the end. Stepdad was an E7 when we left. I played Little League ball with the AYA (American Youth Assoc.); used to practice at Soldier's Field at the Stadion and I remember we used to get our beer from the guys that ran the boiler room in the housing area. Went to high school in Fuerth at Nuernberg American High 8th, 9th and part of 10th grade, and would ditch class and go hang around W.O. Darby for a few hours. I frequented many guest houses in the area around Pastorius as well as the Dutzendeich (best bratwurst in the world, imho) and would swim at the Stadionbad in the summer. I used to work the Oktoberfest every year, selling "Los" (raffle tickets) and drink lots of beer; 1 Ltr mugs! Brost! I also encountered my first "lady of the evening" at the fest... at 14! My step brother and I would usually try to make all the fests as they could come to town, even Fasching. I have pics of the era somewhere, when I locate them I'll send. I'm planning a trip back to Nuernberg soon (that's how I came across this site). Ahhh... Nuernberg! Ich hab vergesst most of my Deutsch (I'm 52 now), but I'll probably get around ok. Would enjoy hearing from anyone that may have been in Nuernberg around that time. Danke!

I was born in Nurnberg in 1960. Like so many folks who visit this site my Dad was U.S. Army and my mom was a German girl. The earliest memory I have is playing at the Burgfarrnbach LTA when I was 2 or 3 years old. My father had a friend (Rivera) who lived/worked on the site, I knew it as the Rifle Ranch. We left Germany in 1963 and returned in 1971 when my dad was assigned to the 3/17th in Merrell Barracks as a Mess Sgt. I attended Nurnberg Elementary and High School '71-'77. 6th grade was my favorite year. I was in Mrs. Axton's class. I remember making popcorn which our class sold to raise money for the 6t grade trip to Oberammergau. The summer of my 8th Grade I got a job working at the 130th General Hospital, were my mom worked in the Civilian Personel Office. That summer I worked in the Optometry Clinic. The next summer I work in the basement in the physical exam clinic and also in the X-Ray dept. upstairs developing x-rays. When the 130th was renamed, about 1976, a new unit insignia was sought. At 15 years old. I entered my design of black eagle superimposed in a white cross on a maroon background, the idea for the eagle was inspired by the unit crest of the 24th Engineer battalion stationed at Johnson Barracks. I never got recognition for the initial design but imagine my surprise when I saw it decorating the enterance to the main gate of the Nurnberg Hospital. The only difference being blue diagonal stripes in the cross.

He was stationed in 1979 in Schwabach near Roth (Nuremberg military community, O'Brain Barracks) and has generated there with Petra Weiss a son. Petra is called Weibl with surname and lives still in Fürth with mountain Nür 1980 he was probably moved to Roth or went back to the states (Spokane Valley WA 99212) Er today would have to be approx. 1.70 m about the 40-50 years old his Soll, and have dark hair. He should be quite half American-half a Mexican. Petra got to know Joe about Heidi horni, Heidis sister Angelika, was married with an American and these both, knew Joe! Unfortunately, we get from Cays of bodily mother no other infos, why we also do not know. Cay was born in 11.10 in 1980 in Nuremberg and was adopted at the age of approx. five years by an affectionate family. Because the relation to the bodily mother hardly does not exist to at all, he wishes that at least his bodily father is interested in him and takes up him warmly. Er war 1979 in Schwabach bei Roth stationiert (nuernberg military community,O'Brain Baracks ) und hat dort mit Petra Weiß einen Sohn gezeugt. 1980 wurde er wahrscheinlich nach Roth versetzt oder ging zurück in die Staaten(Spokane Valley WA 99212). Petra heißt jetzt Weibl mit Nachnamen und wohnt immer noch in Fürth bei Nürnberg. Petra lernte Joe über Heidi Horni kennen, Heidis Schwester Angelika, war mit einem Amerikaner verheiratet und diese beiden, kannten Joe! Leider bekommen wir von Cays leiblicher Mutter keine weiteren Infos, warum wissen wir auch nicht. Cay wurde am 11.10 1980 in Nürnberg geboren und mit ca. fünf Jahren von einer liebevollen Familie adoptiert. My husband and I were stationed off base in former SS housing after Truman decided to integrate the troops. He was a First Lt. I will be visiting this summer for the first time in 60 years. Does anyone know where that housing was? There were two houses next to each other, and my husband and John Lewis were over some of the troops.

i spent 2 years at O'Brien from 1983 to 1985. i was in 2/59 ada and when i first arrived my unit had the back set of barracks and 1/1 cav had the front. i dont exactly remember when but some time shortly after arriving, the untis flipped sides so the cav unit could be closer to the back gate and ammo bunkers. during my time the main motor pool in front of what is now the museum was built. i can remember walking across the open grass field and having to stop for taps. i spent alot of my time in a club in Schwabach and for the life of me cant remember the name. i recall playing cards in the barracks and having some one offer to buy if some one would run down to the main gate area where there were 3 food joints. i know 2 were called mikes or something close to that. i also spent quite a bit of time in the main square of Schwabach and remember eating at a greek restaurant that was there. i fell in love with greek food when i did a live fire on the island of Crete. anyway thanks for the pictures and i wish i still had some of mine for you to post on your side.

The winter of 1961 I was at Feuct. It was a POL dump, there were 5 gallon cans of gas there , hundreds of thousands of gallons, that had to be decanned, into a 5 ton tanker and delivered to the users in need by the 95th Quartermaster. Some times you would pick up a can of gas and it would be empty with the bottom rusted out. This gas had been there at least 16 years since the end of WWII. I worked in the motor pool keeping the tankers rolling but thank God I only worked there 3 months, billeted at Merrill Barracks, and I was sent back to Furth, William O. Darby Kaserne. There were the worst facilities there of anywhere I spent any time in Germany. Hard to believe what they did for the place in future years. Motor pool then was a shack with room to work on one truck at a time. SP4 Hank Dodson, Hello Charley Sanders ,Buhel and some of the other guys that worked out there.

What a shock!!!! Started fooling around on Google and found memories from over 30 years ago! While stationed at Darby for those two and half years alot of great memories and friends that you'll never forget were made, Harry W. Fristoe III, 1982 Summer Games in Munich, "Graf" in the winter, "The Tupper Lake Howler", Downtown Nuremberg (any night), any of a hundered small neighborhood shops, pizza joints and taverns. I called my wife over and began to point out parts of the kasern to her and told old stories, some I hadn't touhgt of for over 30 years. She looked over after a while and could see I was having to much fun trying to remember all of the buildings and stories that went with them, she said I should just go on remembering and enjoy myself and I have. Thank You for the memories and this wonderful site, it's some place I can now take my son and daughter to and show them where Dad was while in the service. Again THANK YOU!!!!

So I left and hit the town every night and I miss the Germans that saved my from that place. I turned into a man there and could cry when I see the barracks gone. Greetings I was a soldier stationed at Merrell Barracks, from 1973 to 1976. Nuremburg will always have a fond spot in my heart. I was with the 3rd Bn 17th FA. My first room was on the 3rd floor, the forth window on the right, as you stood facing the front gate. Rec Center was first floor on right as you entered the gate. I loved going downtown, especially the swimming pool just off post, and yes i remember the Weinerwald chicken restruant. I was very upset the last time i returned to Nuremberg/ Furth. When i left in '76, i left a gluck swein at Linke Bauenbitzen. i said i would return for it, but could not find it. without Merrrell Barracks i got lost until i found the Zepplinweisse, i then foud the castle and all things came back to me. However i ran out of time and had to return to the USA.

During my time in Germany, I spent more time away from Stuttgart than in Stuttgart and I have wondered from time to time what had happened after the first drawdown and now the further drawdown. It is amazing how little there is to be found on the internet about the old VII Corps Units, Kasernes, and the communities. Millions of Americans served in Germany from 1945- now, most during the prime of their youth. It seems like a collective amnesia has overcome everybody. Anyhow, I enjoyed your site and keep up the good work. I hope to be able to travel to Germany and see some of what I saw the first time and some of what I didn't get to. Thank you for this web page. We left Fuerth in Aug 1964. My father was with the 4 Armored Div. I attended the elementary school just off Jakob-Wasserman Strasse. I believe the road by the School was named John F. Kennedy st in 1964. I was at a Cub Scout Blue&Gold dinner with my parents 22 Nov 1963 when someone came rushing in shouting that the President had been assassinated. Since we were so close to the Czech border, things were very tense for some time. I have good memories of life there even though I was so young. I want to go back just to take a look and get a decent schnizel. I saw the map of the housing area and the renovations to the buildings. I'm glad they weren't torn down. One memory I have of the housing area was that frequently in summer shepherds would run flocks of sheep right down Jakob-Wasserman out to some fields beyond the area. This was always quite an event and us kids would just line up on the street to watch the mutton parade.

No one told me it was going to be the best time of our lives. In fact we all wanted to leave and get home to the states! Of course I hated living in the barracks and the inspections and formations and time in the field and just about everything to do with the army, but the time off in Nurnberg with my gazillion friends at all the clubs were some of the best memories of my life! We were young and dumb and full of hope and dreams -- mostly about getting out of the army! But I choke down a few tears when ever I recall those years. I'm comforted to read here that I'm not alone and we're all going through the nostalgia together. I created my own yahoo group for my buddies at Merrell a few years back. Please feel free to visit:

I was stationed at Pinder Barracks with the 1-22nd FA then 2/1 FA, B. Btry back in 1987-1991. Lived in Oberasbach next to the Norma grocery store off the corner of Eichenfeld Str. My wife Karin used to be the store manager there. Had a GREAT time there in Zirndorf (local beer garden) "Zirndorfer Bier", and Nurnberg, and don't forget the Green Goose and the Nashville. Also, "Thanks" for the Pizza Imbus stand outside the gate of Pinder Barracks. Plan to visit next year during the World Cup (Soccer). Anymore more Bravo Bulls ut there. Oh my God! This wonderful site brought back sooooo many memories! Green Goose, baby! The Fourth of July parties at Soldier's Field, shooting fireworks off the castle at New Year's, Monsters of Rock concerts, drinking Sangria on the wall outside of 'the Goose', the Schwimbad, Volksfest, enjoying a Guinness and playing darts at the 'Irish Pub', partying at the BA-Hotel, eating gyros after drinking all night long, playing quarters at Vicky's, hanging out at the PX, lots of company BBQs, 'The Other Place' and sooooo much more! I know most of those memories involved alcohol, but hey, I was young! I had the time of my life! I would love to hear from other people that might or might not remember some of the crowd from that time period, or even might remember sweet little me ;). My house was 'Party Central' on weekends. Friends from all over the place came to party and usually brought more friends, so I knew a lot of people. My name is Heike and my nickname back then was Corpse. I was -always- at the Green Goose. I usually wore a leather jacket with dog tags hanging from one of the shoulders. They usually got a lot of attention and sometimes even strangers would give me theirs, just to add to my collection (Wish I still had them!). I usually dressed like them wild chick in the heavy metal videos, spandex pants, cut off t-shirts, mini skirts, 'bitch' boots, wild hair ... etc. If you are one of the people on the following list, or if you remember them, please contact me, I'd love to hear from you. Or even if you were in the are around the same time, lets talk, lets reminisce! Here is a list of some of the people I used to hang out with, I have forgotten quite a few I'm sure and if you're one of them, I apologize, but it was a long time ago after all. Barry Painter (dep./army brat), Taco Shea (American civ.), 'Ouzo' (Darby), 'Yo-Yo', 'Tank' (Herzo), Will Lappin (Herzo), Bill Noesen (Herzo), Thomas smith 'Smitty' (16th Eng., C Co.), Dave Hubbard 'Hub' (16th Eng., C.Co.), Richard Sheets (16th Eng, E Co.), Robert Nelson (Pinder), Chris Arnold (Merrell), John Ogden (Herzo?), Andrea Sheppard (crazy platinum blonde with short hair, nicknamed George, german nat.), Mike Sheppard (Herzo), Connie (heavy set german girl with blond hair that could drink some Tequila, hehe!), Bobby Bell, Bones (Pinder), Michael Vasquez (Herzo), Mark Sutton (16th Eng.), Kevin Manace (Sp?), Jay Winterman (69th Chem.), John Coffee (16th Eng.), Michael Caldwell, Dan Alderson (16th. Eng.), Mike Menard (dep./army brat), Kevin Reagan (Ex-Army, American civ. formerly 16th. Eng.), Didi Davis "pretty german girl with blonde hair, looked like the chick from Roxette), Michael Visger (Erlangen), Bobby Rouse 'Slash' (Pinder), Ramona, and many many more .... In 1990 I left for Massachusetts and married John Rodick. He was a cook at Johnson Barracks. In 1997 I went back to Germany for 3 years and just out of curiosity I went by the Green Goose. Low and behold, it was still there and going strong! Full of Americans and not changed all that much. They added a second, smaller bar to the back, but otherwise it's still the same. I ran into 'Pops', this older german national that's been going there for years even recognized me! Imagine that! After 10 years! And today I found this: [www.green-goose.com](http://www.green-goose.com). Enjoy! I know I did, even though all the pictures are recent. I am thinking about making a sort of group for people that were stationed in Nuremberg and the surrounding area, where we can talk to each other and post pictures and either get reacquainted, or get to know each other. If anyone is interested, send me an e-mail, or IM. Here is my contact information. E-mail and MSN messenger : freemanheike@hotmail.com, Aim: kallendora, Yahoo: kallendora1. Drop me a line and I'll accept any suggestion about what place is best to use fro a group of some sort. Last but not least, I am going to post a link to my pictures. Most of them are recent, but there are a few that were taken just a couple of years after my time in Nuremberg.

[http://pg.photos.yahoo.com/ph/kallendora1/my\\_photos](http://pg.photos.yahoo.com/ph/kallendora1/my_photos) Hope to hear from you soon! Heike A.K.A. Corpse P.S. Thank you so much Bernd, for making a great site like this!

I was at Merrill with the 2nd Cav HQ as Regimental Information Officer from '74-'76. Gen. Tommy Franks of Iraq War fame was a fellow Captain... S-3, I believe. I had a radio program, "Hit the Leather and Ride," that we broadcast from the top of the Bavarian-American Hotel, where AFN Nuremberg was located. I returned in '97 or thereabouts for the first time since being stationed there and snuck into Merrill Barracks, even visiting my old office in the corner of 2nd Cav HQ next to the Museum. I took a cobblestone as a souvenir. Visited Furth and the old PX and housing areas and it was pretty sad seeing all the weeds growing in the PX parking lot. Stopped by Feucht and the B-A Hotel, both of which were closed at the time. Your photos bring back great memories. If I can find any from my time there, I will send them. Strange, but I just reunited with my old friend Doc Buhner with whom I served there. He is coming to Houston around Thanksgiving for an in-person reunion. Thanks for the great site. I shared it with my best friend from West Point, Wayne Grant, who was stationed at Ferris Barracks in Erlangen.

hello all. what great memories! i was stationed in Schwabach in 83-85 with 2bn 59ada in O'Brien Kaserne. when i first arrived, ADA was in the back and 1/1 Cav was up front. some time early 84 the 2 units switched barracks. what a chore! if i remeber right, the reason was so 1/1 cav had better access to the back gate and the road to the ammo dump. the kaserne went thru alot of changes when i was there. new motor pools were built in front of the front barracks and the the left once you entered thru the front gate. i recall running to buy food at the Mike's just outside the gates on cold eves. well thanks for the great site and maybe someday i might be able to go back and visit old haunts.

Inhalt der Mitteilung: Great site, reminder of some key formative years. I was at O'Brien, Schwabach, from 10/1967 to 8/69. At that time it was 2/4th Cav of the 4th AD. I was a B Troop Platoon Leader for 2-3 months, then Squadron S-1. B Troop was the building next to the Main Gate. Troop D was Air Cav; they were based at Katterbach, which I gather is still in use. On the NW corner at O'Brien was a Missile Battery (don't recall the unit.) I do not believe they ever pulled OD or guard duty-- I guess they were guarding their own stuff. Don't know if they had anything atomic. Kinda doubt, but it was definitely more Tech than our M60s, APCs, scout vehicles & mortar carriers. We were the first unit to get the Sheridan vehicle in Europe. (Wire guided missile & no Armor. What a piece of junk. Good thing we didn't have to actually fight using them. During my time there, Bobby Kennedy & Martin Luther King were both assassinated, & all kinds of rioting was going on back home, including my school: Cal State Northridge. It all seemed pretty distant to us. Of course, the Prague Spring was rather tense. The only time we got to the border was when VII Corps' (2d?) Armored Cavalry stood down for annual training at Graf or Hohenfels. Among the other officers then there were: LTC Beckwith, CPT Fullerton, CPT Omsberg, Maj Dunlop, & CPT M Heine (later the Corps Commander's A.D.C. Anybody there, back then? Best regards, TERRY

Remarks: Checking in again from Southern Arizona and the best wishes to all my former 1-1 Cav. Brothers In Arms, Nov. 1982-Nov. 1984, at O'Brien Barracks, in Schwabach. If anybody knows the whereabouts of the former Master Sergeant Barry Frazier, Sergeant Glenn Dow, Sergeant Fran Rhiel, or SPC Tom (Midge-Smurf) Smith, please contact me. We held down the fort in the old 1-1 Cav. S-2 Shop, together. This site is so laden with fond memories that I come back quite often. I would love to try to set up a reunion of my old colleagues, somewhere in the world, but none more fitting than in Schwabach, on the old Kaserne, with dinner at the Leitner Brau in the small town of Schwabach. I can also be reached at JEFFREYGALLANT@yahoo.com. Thanks and may the Big Ranger Bless all.. Jeff

The highlite of the trip from Amberg to Nurnberg was going to the Fuerth PX and having some American places to eat. I absolutley loved the place and was sad to see it all go away. I last visited in 1999 and had a hard time finding Johnson Barracks, beause only that one building was left standing. I finaly figured it out. Pleaese keep posting old and new photos. Thanks for the preservation of this important part of US Army history that seems to have been neglected. Dave

Still, the memories of getting a garlic Gyros from the stand across from Strauss from Darby's main gate, hopping the back gate to get to my favorite gasthaus (where I met my first wife!) catching the U-Bahn to the Furth Hauptbahnhof and running upstairs to catch the 171 Vach Nord bus to get out to Monteith. I just have to smile when I think about it. I will always remember Nurnberg MilCom fondly.

Remarks: I was stationed at William O'Darby Kaserne from April 1964 through June of 1966. I was with the Signal Service Unit which later became the Nurnberg Equipment Maintenance Center. My job was to maintain communications at the Army airfields around Nurnberg, from Bayreuth to Straubing, including Hohenfels and Grafenwoehr. Also repaired the radios in the MP stations in the same general area. I would very much like to come back to Furth to visit someday and relive many old memories, although I understand there has been quite a bit of renovation since the kaserne was given back to the German people. I hope that, if I ever do get back, I would be able to go through my old barracks, which was on the east side of the parade field by the HQ building. Maybe a resident who is living there might understand and let me in for a few moments. This is a wonderful website, which I visit often, hoping to see some familiar sights and names. Thank you for keeping it up so professionally.

Remarks: WOW! Great site! I taught at the Merrell Barracks Army Education Center (U of Md& Embry-Riddle, GED prep, English as a Second Language) from 1975-1979, while my hub was a Sp5 with the 116 Ordnance Co., 303rd Maintenance Bn. We spent four fabulous years in Germany and loved every minute of it. We lived "on the economy" downtown on Carl von Linde Str. (nordstadt) in a beautiful highrise condominium (hello Herr Nahm!). In Sept. 2000 we went back and visited just in time to see the wrecking ball take down the back half of Merrell Barracks. I don't understand why they took down the old original brick buildings in back as they were a part of the history. The renovation on the front building is phenomenal and looks wonderful. Nurnberg is the same in a lot of ways, but also has updated and is more "global". I found myself crying a lot, and I didn't even know why. Thank you so much for making this site, as our four years there have affected our lives more than we ever knew (who COULD know??) I have tons of pictures and will send you some. Remarks: What a wonderful site you have put together. I was stationed at O'Brien with A Battery 2/59 ADA (Renamed to 6/3 ADA sometime in 1988) from 1987-1990. I remember doing guard duty at the front gate there. I remember during the holidays (and D-Day anniversaries) on occasion seeing old vets come in and look around at their old post and how I thought to myself, that would be neat thing to do when I get older. Now that time has come when I have the ways and the means to do such a trip, to visit ones old Army Post in Schwabach just like those that I've seen before only to find out its all gone. It is such a pity for me to see this. I Heart hangs very heavy with the loss of these buildings and what they stood for. The Friends and the comrades. The good times and the bad times. Even the Mike's Niko cheese fries with mayo I always enjoyed from one of the three "Mikes" shacks just outside the gate is nothing more than just a memory now. I guess it's foolish and selfish in a way but, somehow I feel deprived that I can not take my kids and grand kids to the post where I served in Germany as a young man. Even the payphone I dumped countless 5 mark coins into to talk to my newlywed wife at the time about housing and getting to Schwabach is gone now. Again thank you for this site and please keep up the good work Al Glaude Sgt A BTRY 6/3 ADA Mar1987 through July 1990

Remarks: The photos on the web site, have brought back many memories of when I was stationed at Ferris Barracks at Erlangen, from June of 1959, to June of 1961. I had visited all of the Kasernes mentioned in the web site, and that includes the shopping center at Furth many many times during my tour at Ferris Barracks. Back then, it was a rarity for an individual who lived in the barracks to have a car, so our transportation was either by the shuttle bus that ran from Ferris barracks to the other kasernes and the shopping center, or go into Erlangen and catch a Deutsches Bundesbahn train going to Nurnberg, and get off at Furth. I also recall the U.S. Army hotel, across the street from the Nurnberg Hauptbahnhof, as an excellent place to eat, as well as the many German restaurants. AFN Nurnberg was also located in the U.S. Army hotel. When I came to Germany in 1959, our transportation from the U.S. to Germany was via a troopship, and that voyage took 11 days. Perhaps a section could be added to the web site with comments from those who endured those troopship rides. Excellent web site, and I have bookmarked and placed the site in my folders to go back to and restart the memories all over again.

Remarks: From Sept 1956 to Nov 1957 I had the good fortune to be stationed at Monteith Barracks. I was a member of Hq Co 1st Bn 5th Inf Rgt 8th Inf Div. We had taken over Monteith from the 9th Inf Div which returned to the Conus. My impression on arriving was of a small US college campus complete with foot ball field. In Nov 1957 the 8th Div was relocated to the Frankfurt area. I revisited Monteith with my family in 1977 and the Army permitted me to give my wife and two daughters a tour of my home away from home. I was introduced to this site by my buddy Stuart Clayman with whom I still relive many experiences of those days long ago. Stu and I met the day we were inducted took leave together and keep in touch across the miles by phone and email. Visiting this site has been a great treat for me. Thanks very much for making this nostalgic trip possible. The picture looking toward the Front Gate from the inside was a particular treat since I worked in the large portion of the building to the left.

Remarks: My husband SGT (E-7) Charles Goad was assigned with the Engineers at Johnson BKs but we were sent to Bamberg with the lone company there. Oh yes I can remember the buildings with the grass and trees on top, the NATO runs we had to make in case of evacuation, the good food, the great freindship with Germans and Americans, the Castle Up on the hill that had the Bear there. We took raw eggs so our children could feed him. It felt like the men stay out in the field 11 months out of the year. Yes, sometimes we would go by bus and visit them on the week-ends or by private cars. Our oldest daughter had to ride the bus from Bamberg to Furth to go to High School. My Husband made E-8 and was sent to Johnson Barracks and we lived on Gerhardt Hauptman strasse at the very end (2nd floor apt and from our dining room window he could watch the "fussball" games across the strasse. In 1967 or 68 when the Russians invaded Czehoslovakia Furth High Shool was turned into the processing center for Americans coming out of that country. The processing was done by the Military Staff and they call in some dependents to help, which I was one of them. The first bus that came in from Praque had Shirley Temple Black on it. That was an experience I'll never forget!! I still keep in touch with some of our Military friends that were stationed there with us. Charles got orders in 1969 to go to Vietam and off we went to Illinois. OH OH, what fond memories I still have of that Tour!! Charles attended SGT MAJ School in El Paso 1n 1974 and was in class two.Got promoted to CSM He Retired from Ft Polk La in June 1979 I'm sorry to tell you but he went to GOD'S Kingdom on September 6, 1996.

Remarks: I lived in both Nurnberg and Erlangen during a 6 year stint as a dependent (age 10-16) 1984-90. In many ways, those were some of the best years of my life. Over the past 12 years I have felt my experiences in Germany have given me a depth of perspective and personal confidence that has been a great advantage as an adult. Thank you so much for this site, as it will help me share my experiences with my wife and kids and remind me of my own childhood.

Remarks: I lived at 64 Gerhardt Hauptmann Stasse behind the Nurnberg American High School from 1967 through June 1969. I, like may other dependents, roamed this area incessantly. I was a 'bag boy' at the commissary bagging groceries during my family's entire tour of duty. Wonderful memories!

Remarks: Never was stationed in Nuernberg, but made many trips there for meetings, not only with the active duty military, but with the VFW. I was shocked that the Nuernberg Military had been selected for closure....a real shame to say the least. May God Bless those who are still there. Bruce Withers

Remarks: Tis was a fantastic idea. It breaks my heart to see the pictures of the PX and other sites that are now gone, but the memories are still there. I was stationed in Illesheim back in 1987 in A Co 394th Avn (Later became the 159th)and use to go to the Furth PX all the time. I never left Illesheim and now retired from the Army with hopes that my wife and I could enjoy all of the Nurnberg Facilities long into retirement. We use to also enjoy the 4th of July at soldiers field every year. We just miss so much of what "it use to be". I know you all know what I mean. Thank You for putting together this web site of great memories to include Erlangen and Herzo. Best Wishes Mark and Hildegard Maiolino, Sugenheim, Germany

Remarks: Dear Bernd, Terry Jorgensen forwarded your e-mail to me, and I went to your site. I found it interesting. The Nürnberg High School Alumni Association could probably supply you with pictures and some history of the American high school. I'm new to editing the Trichter, so I'm not sure what we have. The Trichter is our alumni magazine. I'll write a short article about your site for the next issue of the Trichter. Please keep me in mind if you have information or pictures that might be of interest to the Nürnberg High School alumni. Danke Schön Bob McQuitty
